Hey Sarah,

The trash on San Fernando / Montague is still there. A constituent confirmed and if you zoom in on the after pictures you can still see the debris.

Thanks,

Great, thanks for the update and I am going to remind Eve.

Sorry I forgot to add the pictures. Let me know if they help, I added a Zimas photo as well I circled the area I was speaking of.

- 1) It has after photos in the SR. It was completed. They just wanted the equipment, it doesn't need the posting. It is just trash.
- 2) We should be fine. I may add some locations in Foothill but everything you sent me has been added.
- 3) Yes, I sent it to them.
- 4) I have told Eve multiple times they are ordering the signs. When the shipment is in (and I have an update) I will let everyone know.
- 5) Is it a pedestrian tunnel? We would not repair the fence. That would be BSS. Is it a stormwater channel? Then that would be LA County since the channel is their responsibility over there. Tunnel is vague, pictures help.

Hello Sarah,

I hope you are doing well. I am following up with you on a few things that my team has been reporting to me. I understand you are catching up, but when you can please let me know what the status are so I may get them an answer. Along with a few things from me as a reminder.

[1. San Fernando Road](#) / Montague

SR#: 1-1568549191

I saw that they closed the request saying it was completed; however on the comments it said CARE+ was needed with additional resources. Just want to know if it was completed or not?

2. CARE+ cycle for the upcoming cycle are we good to go?

3. Foothill and Gladstone

SR#: 1-1572526491

Can this area be cleaned up this week as the trash is on city property?

4. I know Eve has sent you a message regarding "No Dumping Signs" for her corridors. What is the status regarding this?

5. New Request: By [11973 Foothill Blvd.](#), there is a strip on the public right of way that belongs to the City. At the end of the strip, there is a tunnel that is fenced. Both at the beginning of the strip and the beginning of the tunnel the fence has been damaged and there seems to be a homeless encampment under the tunnel now. May you please let me know who is responsible for fixing the fences. Street services is claiming that is sanitation.

I really appreciate and thank you for your work. When you have the chance please contact me however you like.

Thanks again,
